Important to Business Men in  
Victoria, California, Portland,  
and Places on the Sound!

The British Columbian.  
SATURDAY, AUGUST 25, 1866.  
BURREARD INLET.

Within the past few days the American ship John Jay, and the British bark Jeddah, have arrived at Burrard Inlet for the purpose of taking in cargoes of lumber at Messrs. Moody & Co.'s mills. We have had the pleasure of some conversation with Capt. Gray, of the Jeddah, an intelligent and gentlemanly person. We learn from him that every species of misrepresentation was resorted to at San Francisco with a view to inducing him to give the mills on Puget Sound the preference to our own. We append a copy of a letter written by Capt. Gray to this San Francisco correspondent, the result of those misrepresentations. In conversation Capt. Gray, who, he remembered, is no novice in the lumber trade, expresses himself most enthusiastically both with regard to the navigation, the facilities of loading, and the quality of the lumber. He had on board his ship a new spar, purchased in England at an expense of £11, and which was accounted a very fine spar. But upon seeing it alongside of some of the Burrard Inlet spars, Capt. Gray was led to throw it overboard and replace it with one immeasurably superior, with as regards dimensions and the quality of the wood. Capt. Gray is loading for Adelaide, Australia, and is determined that this shall not be his last visit to us. The following is a copy of the letter alluded to:—

BANK "JEDDAH," BURRARD INLET,  
August 26th, 1866.  
TO WELSH, SPROUT & CO.

GENTS.—I arrived here on Saturday, two days from Victoria. The winds were very light through the islands, and beautiful clear weather. The tides were not strong as I anticipated.

As I heard such bad accounts of this place in San Francisco, after the ship was chartered, I will give you a slight description. This is, without exception, one of the finest harbors I ever saw. It is located in all round with high lands, covered with trees 300 feet high, so that wind or sea can hurt ships, and very easy of access for the largest ships afloat, a good anchorage. It is, likewise, a good place for loading. The ships can anchor head and stern about half a cable length from the mills, in six fathoms of water. There are about 80 or 100 inhabitants, mostly employed at the saw mills.

I should think in a short time this will become a very extensive place of business in the Lumber and Spar trade, as I understand it is the best lumber in the world, or, perhaps, in the world; and according to my judgment, I should think it would not be surpassed.

I am,  
Your obedient servant,  
JOHN GRAY.

THE FIREMEN'S PIC-NIC.—We were not stay when we predicted that the Firemen's picnic excursion, on Thursday, would eclipse anything of the kind hitherto attempted here. We have not room to give anything like a lengthened account of it, but a few words will probably answer every purpose. The company, consisting of 337 men, women and children, started shortly after 9 o'clock, reaching Langley in due time, when they were quickly seated on a green carpet, eagerly devouring many good things provided. This interesting occupation over, the large room was soon filled with a gay and cheerful crowd, who kept up a merry dance till the day was done. Others amused themselves at target practice, football, foot-races, etc. As the hour for embarking approached, another "raid" was made upon what of the edibles survived the first attack, after which the arrangements closed by something like 10, ladies and gentlemen dancing Sir Roger de Coverly upon the grass. All were quickly on board, and the noble steamer soon reached the Camp, where the first instalment went on shore, lustily cheering Capt. Irving, Capt. Smith, the troops, etc. Reaching the Pioneer wharf the cheering was renewed, and the party hurried home. The Hyacks may well feel proud of the result. The Band did excellent service throughout the day.

FROM VICTORIA.—The steamer Enterprise, Capt. Swanson, arrived from Victoria last evening, with freight and passengers. A motion to rescind the "unconditional union resolutions" gave rise to a lengthy discussion in the House of Assembly, on Wednesday, in the course of which Dr. Ash said that the new constitution offered upon the best, in fact the only terms which the Imperial Government could offer, and that those who opposed it opposed the best interests of the country. The House adjourned without coming to a vote.

THANKS TO Mr. Turner, Wells, Fargo's agent on board the steamship Active, for the files of California papers.

RICH QUARTZ DISCOVERIES.—Probably the most important mineral discoveries ever made in British Columbia have recently been made on and in the vicinity of McCulloch's Creek, where several rich gold-bearing quartz lodes have been found. Considerable quantities of the rock have reached this city, and it is pronounced by competent judges to be equal both in appearance and richness to anything yet discovered on the coast. We have seen specimens from two of the lodes, and they are thickly impregnated with heavy veins of gold. We believe one of the parties has ordered the requisite machinery from San Francisco for working the ledge he has located.

PRESENTATION.—The people of Yale, while on the picnic excursion on Tuesday last, presented Capt. Irving with a splendid gold watch and chain, valued at \$300, bearing a suitable inscription, and accompanied by a complimentary address.

FROM YALE.—The steamer Onward, Capt. Irving, arrived from Yale yesterday. (She brought an express for Dietz & Nelson, but no news.

## TELEGRAPHIC.

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

## EUROPEAN.

FARTHER POINT, Aug. 20.—The steamship St. David's brings dates to the 10th. The London Times says the speech of the King of Prussia, already reported by cable, has not made a favorable impression in Paris, even among those who most approved his success. The absence of any allusion to France offends the Parisians. The Times Paris correspondent thinks the French people would hail war with Prussia.

Baron Werther left Berlin on the 8th for Prague. It is said delicate negotiations would be held between Austria and Italy.

The King of Prussia would shortly proceed to Carlsbad, where a treaty of peace between Austria and Prussia would probably be signed.

LONDON, Aug. 17, noon.—Consols, 88 for money; 5-20's, 68½. There is nothing in regard to peace, except that all is going well.

LIVERPOOL, Aug. 17, noon.—Cotton sales for the week reach 65,000 bales. Prices have improved 1-8th, and middling uplands are quoted at 13½d. Breadstuffs are firmer.

NEW YORK, Aug. 22.—The following are the principal passages of interest in the Queen's speech in proroguing Parliament: "Her Majesty has great satisfaction in congratulating the country, and world at large, on the successful accomplishment of the great design of connecting Europe and America by means of the electric telegraph. It is hardly possible to anticipate the full extent of the benefits which may be conferred on the human race by this signal triumph of scientific enterprise, and Her Majesty has pleasure in expressing her deep sense of what is due to the private energy which, in spite of repeated failure and discouragement, has at length, for the second time, succeeded in establishing direct communication between the two continents. Her Majesty trusts no impediment may occur to interrupt the success of this great undertaking, calculated, as it undoubtedly is, to cement much closer ties which bind Her Majesty's North American Colonies to their mother country, and promote unrestrained intercourse and friendly feeling which it is most desirable should subsist between Her Majesty's dominions and the great republic of the United States."

LONDON, Aug. 22, noon.—The reported closing of peace negotiations between Austria, Bavaria and Prussia, is premature; but negotiations are still in progress, and it is believed they will soon be brought to a satisfactory termination. Consols, 88 for money; 5-20's, 70½. American securities firm, with upward tendency.

LIVERPOOL, Aug. 22, noon.—Cotton unchanged. Sales to-day estimated at 10,000 bales. Middling uplands at 13½d. Breadstuffs and provisions unchanged.

PARIS, Aug. 22, evening.—It is reported that the Empress of Mexico failed in her mission, Napoleon refusing to grant assistance of French troops, prior to their evacuation, to quell insurgents in Mexico. It is further reported, with some degree of truth, that the Emperor Maximilian will soon return to Europe.

LONDON, Aug. 22, evening.—Consols declined 1-4th, and closed at 88½; 5-20's closed at 70.

NEW YORK, Aug. 22.—By the Persia's mail it is ascertained that the account of the Guy Fawkes plot to blow up both Houses of Parliament, reported by the cable, was greatly exaggerated. Five pounds of powder and a slow match were picked up by a policeman on duty. The object was not apparent.

The London News announces that the patronage of the Atlantic Cable has become so great that the directors had in contemplation the establishment of a new scale of prices, for 1st, 2d and 3d class messages, according to priority. The latter to be at same rate as now charged.

PARIS, Aug. 20.—It is denied on authority that the Empress of Mexico, who is here, has threatened that Maximilian will abdicate when the French troops are withdrawn from Mexico. It is also stated by authority that her mission to France is to ask the assistance of the French forces in Mexico prior to their evacuation.

It is rumored that peace has been made between Prussia, Austria and Bavaria. A report is also current that the Czar of Russia has taken formal steps toward the formation of an alliance between Russia, Austria and France.

The statement that France has demanded territorial concessions from Belgium is untrue.

BRISTOL, Aug. 21.—The steamer Ville de Paris, Capt. Surmont, from New York Aug. 8th, arrived this morning.

LONDON, Aug. 20.—Consols for money 88½.

LIVERPOOL, Aug. 20.—Cotton unchanged. Sales to-day 10,000 bales. Breadstuffs unchanged. Pork is declining.

LIVERPOOL, Aug. 21.—Preliminaries of peace between Austria and Prussia were signed at Nikolsburg on the 25th of July, and proclaimed at Vienna on the 8th of August. The stipulations are to the following effect: Austria to lose no territory, except Venetia. The Emperor of Austria recognizes the dissolution of the Germanic Confederation, and gives assent to a new organization, from which Austria shall be excluded. Austria relinquishes all claims to Schleswig and Holstein. Prussia is to receive from Austria forty million thalers to cover the expenses of the war, but from this sum is to be deducted the amount of indemnity for expenses which Austria has still the right to exact from Schleswig and Holstein, by virtue of the treaty of October 20th, 1865, say, fifteen millions, that besides five millions as an equivalent for the expense of maintaining the Prussian army in the territory of Austria occupied by that army until the conclusion of peace. Finally, Prussia agrees to gain the consent of Italy to these arrangements, so soon as Victor Emmanuel obtains the full possession of Venetia. The remaining articles stipulate for an armistice of the several belligerents, as heretofore published.

WASHINGTON, Aug. 21.—The party consisting of Messrs. Coleman, Tennant and Bennett have just returned from an exploration of Mount Baker, having been absent sixteen days. They report having had fine weather and a pleasant trip. They reached the base of the mountain the evening of the 16th, and made the ascent on the next day, spending two days and one night on the mountain.

The first day they reached a point about half way up the mountain, and passed the night, and next morning made an early start and reached a point within fifty feet of the summit, when they were stopped by a perpendicular wall of ice, and an overhanging cornice of ice and snow, which threatened to fall at any instant and dash them to atoms, stopped the further progress in that direction. They are fully satisfied had they diverged a little to their left hand, a short distance below the point reached they would have made the ascent. The ascent of the mountain is difficult but by no means impossible, and they have established the fact that the ascent can be made by the route they pursued. The crater of the mountain was passed by the party at the distance of some four hundred yards, and it was discharging smoke plentifully with a strong sulphurous smell. The mountains around the base of Mount Baker are open and covered with the most luxuriant growth of grass and flowers, all blooming and fresh as in spring. The party collected quite a number of new and rare plants. The ptarmigan or white partridge was also seen; elk, deer, bears, and wolves are plentiful. The stars and stripes were left floating at the highest point reached, and the party are determined another season to put them on the summit. They were unable to determine the altitude on account of the defective apparatus, which proved to be entirely worthless. Water boiled at the camp, at the base of the mountain at 192 degrees Fahrenheit. The want of time and the distance from their camp prevented them from making another ascent, and in view of the difficulties which the party had to contend with they have done all that could be expected and more. Going by the course of the river over one hundred miles and then taking packs and pushing fifteen or twenty miles through the densest forest growth, over hills and rapid torrents, without shelter nearer than fifty miles, some idea of the difficulties met and overcome may be formed.

STELLACOM, August 22.—Hon. Levi Farnsworth, the Commissioner appointed by the Legislature to examine and locate the most desirable route through the Cascades, has returned from his tour of inspection, and has given the preference to the Natchez Pass, for the reasons that it already has the prestige of a well laid out and beaten military road, with the advantage of grass, fuel and water. And Mr. Downie, the Sub-Commissioner, is instructed to carry out the requirements of the act by employing the necessary labor in putting the road in passable condition for the accommodation of the travelling public. We understand that Mr. Downie and assistants purpose to devote the coming month of September to the clearing and grading of the road through the Natchez Pass and over Mt. Mountain.

VANCOUVER, Aug. 23.—A fire broke out this morning, at one o'clock, in a building occupied by Westall, a cabinet-maker, burning eight buildings before it could be quenched. Loss, \$13,300.

FOR SAN FRANCISCO.—The mail steamer Active will sail for San Francisco at 3 p.m. to-day. The mail will close at 2:30 o'clock.

By the bark Valetta, 31 days from Kanagawa, we have later dates from Japan. In the harbor of Yokohama there were four English men-of-war, two French, and one Italian. Civil war was raging in Southern Japan. There had been a serious riot at Singowa. 3,000 rowdies, armed with axes, broke into eleven rice stations, when the police soldiery captured about fifty of them. Business was dull. The prospects of the new silk crop are not favorable.

SAN FRANCISCO, Aug. 20.—About 3 o'clock this morning a serious affray occurred at the corner of Vallejo and DuPont streets, in which James Miller, Mat Brady, and a man named Rogers, were sent and seriously injured, one of them, it is believed, fatally.

SAN FRANCISCO, Aug. 23.—The late landlord of Summer-street House, John Brewster, was insured in the Brooklyn Insurance Co. for \$5000, which has been paid to his widow.

Gold in New York yesterday was 149½; Sterling Exchange 107; Legal Tenders dull at 110 1/16.

MEXICO.  
WASHINGTON, Aug. 21.—Senor Romero received the following: "Matamoros, 19th.—The French have evacuated Matamoros and Saltillo, and both places are now in our possession. Within a month Gen. Escobedo will have 10,000 men, and within three months he will be before San Luis. Tampico has been attacked by Quesne, and one-fourth of his forces are in possession of the place, except where the French, to the number of one thousand, are concentrated. Payer and his forces were crossing the river in aid of our troops. The forces under Herron, 3000 strong, returned to the national cause and united with Payer's, under the sign-manual of Souveret."

WASHINGTON TERRITORY.  
SENOX, Aug. 24.—The party consisting of Messrs. Coleman, Tennant and Bennett have just returned from an exploration of Mount Baker, having been absent sixteen days. They report having had fine weather and a pleasant trip. They reached the base of the mountain the evening of the 16th, and made the ascent on the next day, spending two days and one night on the mountain.

The first day they reached a point about half way up the mountain, and passed the night, and next morning made an early start and reached a point within fifty feet of the summit, when they were stopped by a perpendicular wall of ice, and an overhanging cornice of ice and snow, which threatened to fall at any instant and dash them to atoms, stopped the further progress in that direction. They are fully satisfied had they diverged a little to their left hand, a short distance below the point reached they would have made the ascent. The ascent of the mountain is difficult but by no means impossible, and they have established the fact that the ascent can be made by the route they pursued. The crater of the mountain was passed by the party at the distance of some four hundred yards, and it was discharging smoke plentifully with a strong sulphurous smell. **BURRARD INLET LUMBER MILLS.**

**S. F. MOODY & CO., PROPRIETORS,**  
NEW WESTMINSTER.

**AGENTS IN VICTORIA:**  
**RICKETT & CO., - Wharf-street.**

**THESE MILLS** are prepared to furnish cargoes of FIR, SPRUCE and CEDAR LUMBER, Tongued and Grooved Flooring, Spars, Piles, Shingles, Laths and Pickets at the shortest notice.

The access to the Mills is up the Gulf of Georgia to English Bay; thence up the Inlet. The anchorage in the bay is safe in all weather. The Inlet is perfectly land-locked, with plenty of water at all times for the largest class vessels.

Vessels loading at these Mills will have every facility for loading. The quality of Lumber is superior to any on the Pacific Coast, and can be furnished to any length up to 80 feet. (There is a Deputy Collector at the Mills to enter and clear vessels.)

A Lumber Yard has been opened on Front Street, New Westminster, where a complete assortment of choice lumber will be found.

For further particulars apply to Mr. W. B. Wilson, Columbia Street. ap1tc

**THE GRAND PROMOTERS OF HEALTH.**

**HOLLOWAY'S PILLS.**

The grand secret of attaining happiness is to secure good health, without which life is stripped of all its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these famous Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance, and restore its normal and natural power to every organ, without inconvenience, pain, or any other drawback.

**Derangement of the Bowels, Liver and Stomach Complaint.**

This medicine is so well known in every part of the world, and the cure effected by it is so wonderful, as to astonish everyone. Its pre-eminence as a remedy for bilious and liver complaints, and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive, that the whole system is renovated; the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased.

**Determination of Blood to the Head.**

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach, regulate the secretions, and purify the fluids. Vertigo, dimness of sight, and other indications of approaching apoplexy, are entirely dispelled by a course of this admirable medicine.

**The Female's Best Friend.**

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youth, or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

**Scrofula and all Skin Diseases.**

For all skin diseases, however inveterate, these medicines are a sovereign remedy. While the Pills act upon the system, which they purify, the Ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous.

**Coughs, Colds and Asthma.**

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthma has appeared, these Pills may be relied on as a certain and never-failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

**Indigestion - Bilious Headache.**

These complaints may sometimes be considered trifling but it should be borne in mind that, by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach, take Holloway's Pills, and his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvements, though it may be gradual, will be thorough and lasting.

**Holloway's Pills are the best remedy known in the world for the following diseases:-**

Ague, Female Irregularity, Scrofula, or King's Evil, Bilious Complaints, Fevers of all kinds, Sore Throat, Skin diseases, Stone and Gravel, Secondary Syphilis, Gonorrhea, Tic douloureux, Tumors, Ulcers, Consumption, Inflammation, Rheumatism, Dropsy, Constipation of the Bowels, Liver Complaints, Worms of all kinds, Pleurisy, Weakness from whatever cause, Retention of Urine, &c., &c.

Sold at the establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:- 1s. 12s. 2s. 3s. 4s. 6s. 11s. 22s. and 36s. each Box.

There is a considerable saving by taking the larger sizes.

N. B.-Directions for the guidance of patients in every disorder are affixed to each Box.

**CURES AND COMFORT FOR THE BED-RIDDEN**  
-BY-  
**HOLLOWAY'S OINTMENT.**

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers, and eruptions of the skin, when rubbed on the surface, it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal system. It heals by cleansing all animal fluids with which it comes in contact, and therefore procures a sound and permanent cure.

**Gout and Rheumatism.**

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After commencing with warm water the soothing action of this Ointment will most remarkably relieve all sorts of acute inflammation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are the only safe remedies.

**Diphtheria, Bronchitis, Sore Throats, Coughs and Colds.**

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest, and back of the patient. It will soon penetrate and give immediate relief, in all stages of Influenza, Croup, and Bronchitis. This treatment may be followed with safety and success, by taking Holloway's famous Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

**All Varieties of Skin Diseases, Scrofula and Scurvy.**

This Ointment is a certain cure for Ringworm, Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They can be treated with a safer or more speedy remedy. Rub Holloway's Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

**Dropsical Swelling.**

Beware of this dangerous and stealthy complaint, which frequently creeps upon us by slight spasmodic swellings, jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore, act to work earnestly, by taking Holloway's famous Pills according to the printed instructions, and rubbing the Ointment very effectively over the pit of the stomach and right side, where these organs lie. Most dropsical swellings yield to the combined influence of the Ointment and Pills.

**Files, Fistulas, and Internal Inflammation.**

These complaints are most distressing to both body and mind, false delicacy concealing them from the most intimate friends. Persons suffer for years from Files and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone. The Pills greatly purify the blood, regulate its circulation, remove diseased structures, and invigorate the whole system.

**Disorders of the Kidneys, Stone and Gravel.**

Are immediately relieved and ultimately cured if the Ointment be well rubbed, twice a day, into the small of the back, over the region of the kidneys, to which it gradually penetrates, and in almost every case, give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:-

Bad Legs, Chapped hands, Scalds,  
Bad Breasts, Contracted and Sore Nipples,  
Purpura, Sore Throats, Sore Gums,  
Bunions, Stiff Joints, Skin Diseases,  
Bite of Mosquitoes, Scrofula, Scurvy,  
and Sand-Flies, Gout, Rheumatism,  
Coco-bay, Glandular Swellings, Tumors,  
Chilblains, Ulcers, Wounds,  
Corns (soft), Lameness, Yaws,  
Cancers, Piles, Yaws.

Sold at the establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar) London; and by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:- 1s. 12s. 2s. 3s. 4s. 6s. 11s. 22s. and 36s. each Pot.

There is a considerable saving by taking the larger sizes.

N. B.-Directions for the guidance of patients in every disorder are affixed to each Pot.

**"Cariboo Sentinel."**

THE Undersigned, Proprietors and Publishers of the "CARIBOO SENTINEL," in announcing to their friends and the public that their arrangements have been completed for issuing the first number on or about the first day of May next, would most respectfully solicit a continuance of the patronage and support heretofore bestowed on them.

While intimating their determination of publishing twice a week, instead of once a week as formerly, the undersigned would draw attention to the very efficient postal system now established throughout British Columbia, which will enable them to forward the SENTINEL to nearly every Mining Camp in the Colony, particularly to the newly discovered Mines on the Columbia, from whence they will be a constant receipt of the latest and most reliable intelligence, thus rendering the columns of their paper a most desirable medium of publicity for the business public.
